

WHY FILE A COMPLAINT?

- **WE NEED YOUR HELP TO DO OUR JOB.**

The only means we have of knowing about police misconduct is through a complaint.

- **YOUR COMPLAINT WILL BE TAKEN SERIOUSLY**

Although PIB still investigates complaints, they are now under a level of scrutiny they have never experienced before. In other words, the complaint review process now has oversight and we have already been able to have input on the investigations which we see.

- **YOUR EXPERIENCES MATTER**

The community has a role and responsibility in public safety. One of the best ways for individuals to do their part in improving New Orleans Police Department is by being vocal about their experiences with the police department.

- **WE CAN ONLY SAVE OURSELVES**

Although it is exciting to see the federal government take an interest in helping us solve our problems, they can only help. It is up to us to take the lead on resolving our public safety issues.
